OBJECTIVE

Looking for a challenging role in a reputable organization to utilize my technical, database, and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in a sector.

EDUCATION

Master of Computer Applications(MCA), SV College of Engineering, 8.78 CGPA 2022-2024

Bachelor of Computer Science(Bsc), Sree Vidyanikethan Degree College, 7.13 CGPA 2019-2022

TECHNICAL SKILLS

Programming Languages	PYTHON, C, JAVA
Front End	HTML, CSS, JS, BOOTSTRAP
Back End	FLASK
Database	SQLITE
Operating Systems	WINDOWS, LINUX
Tools	GIT, GITHUB, SELENIUM, GODOT, UNITY

PROJECTS

Personal Blog Site. This project is a simple yet dynamic blog website designed with a focus on user-friendly navigation and a clean, responsive interface. The website leverages Bootstrap for the frontend, ensuring a fully responsive design that adapts seamlessly across devices (desktops, tablets, and smartphones). The backend is powered by Flask, a lightweight Python web framework, which handles server-side operations such as content management, user authentication, and database interactions. Here's the [LINK](#) for the site.

2D Game using Unity and Godot Engine. It's a 2D game where player can move left and right, jump, shoot. The objective of the player is to shoot the items falling from the sky and if the item hit the ground the game ends. The difficulty of the game will increase gradually as the game progress.

Password Manager. It's my small python project used to save username and password of a website locally in JSON format. Its UI is designed using Python's TKINTER and for more Python projects, go through [my GitHub repo](#)

TECHNICAL SUMMARY

- Ability to write clean code in Python, C, and Java. Strong analytical skills to solve complex technical problems efficiently. Knowledgeable in HTML, CSS, web scraping and JavaScript for web development.
- Have problem-solving skills and the ability to work effectively both independently and within teams. Enthusiastic about learning new technologies and adapting to evolving methodologies.
- Proficient in Git/GitHub for version control and committed to delivering high-quality user experiences with a keen attention to detail.

STRENGTHS

- Adaptability and Flexibility
- Problem solving abilities
- Strong work ethic
- Great team player
- Quick learner
